

IAME SERIES EGYPT

SPORTING REGULATIONS 2025/2026

AMENDMENT 1 — 2026 SEASON SCORING

Issued by: RACE LINE MOTORSPORTS (the Organizer)

Date of issue: 7 July 2026

Applies to: IAME Series Egypt, 2026 season

Status: Supplements Sporting Regulations 2025/2026 version 1.0. Where this Amendment conflicts with that document, this Amendment prevails for the 2026 season.

REASON

The Sporting Regulations 2025/2026 version 1.0 were written for a calendar of eight or more Rounds. The 2026 IAME Series Egypt season comprises six Rounds. Articles 12.9.12 and 12.9.14 are therefore amended as set out below so that the dropped-score and bonus-point provisions remain operable.

1. ARTICLE 12.9.12 — DROPPED SCORES

For the 2026 season, the words "minus two worst Pre-Finals and two worst Finals out of all rounds" are replaced by:

"minus the one worst Pre-Final and the one worst Final out of all Rounds"

The worst Pre-Final and the worst Final are determined independently and need not fall in the same Round. All other provisions of Article 12.9.12 are unchanged, including that a non-attended Round classifies as the worst Pre-Final and worst Final scores, and Article 12.9.12.1, under which points from an exclusion may not be dropped.

2. ARTICLE 12.9.14 — BONUS POINTS

For the 2026 season, the participation threshold of "at least 8 Rounds" is replaced by:

"all 6 Rounds of the season"

A Driver who enters and competes in all six Rounds is awarded 10 bonus points for each Round competed, being 60 points. The Extra Bonus provision of Article 12.9.14 is unchanged: double points are awarded for one best Pre-Final score and one best Final score out of all Rounds.

3. ARTICLE 12.9.17 — DEAD HEATS

Unchanged, and restated here for the avoidance of doubt. Drivers finishing the season on equal points are separated by the greatest number of first places in the Final races, then second places, then third places, and so on until a winner emerges; and if a dead heat remains, by the better position in the Final of the last Competition.
